

PET STORE IN POLLYVILLE

OBJECT:

Be the first player to catch your favorite puppy in the pet store.

PLAYERS:

2 players, ages 5 and up

COMPONENTS:

- 1 plastic case
- 1 plastic bridge
- 3 Pollyville stand-ups
- 2 playing boards
- 1 spinnercard with spinner
- 2 Polly Pocket™ figures with stands
- 6 stand-up puppy movers

SETUP:

All the components are designed to store inside the plastic case. Punch out stand-ups, puppy movers and playing boards from printed sheet.

Place playboards and stand-ups in plastic case as shown in **fig. 1** (Place dog movers randomly in red slots as shown, there will be one slot left empty). Twist Polly Pocket™ figures on stands as shown in **fig. 2**. Each player chooses a figure and places it in the start area. Place spinner between the players.

GAME PLAY:

Begin play by placing all the "roaming puppies" in any of the 7 slots in the game board. Each player chooses their own favorite puppy to catch. Each player in turn spins the spinner and advances on the path **up to** the number spun. Players can move in any direction, but **cannot** land on their opponent. Note that the plastic bridge connects the two playing boards and counts as 3 spaces.

If you spin the puppy on the spinner you must move any puppy to the empty puppy slot! This can either bring your puppy closer to you or move your opponent's puppy further from her.

WINNER:

The first player to catch their puppy by landing in front of the puppies wins.
